24 January	13 June
7 & 28 February	

Donate?

Not using the toy bank yourself but want to help?

During our opening hours, you can bring toys or children's books so other children can still enjoy them.

When bringing toys, please keep the following in mind:

- We can only make children happy with toys that are still complete.
- We appreciate it if the toys are clean and still look appealing.
- Children prefer to play with modern toys.
- We do not accept stuffed animals due to hygiene reasons.
- We are happy to receive toys for all ages (0 - 12 years), but we especially appreciate toys for children between the ages of 8 and 12.
- We currently have enough books, puzzles, and games in stock.

Become a member?

You can become a member by simply dropping by, where you'll receive an explanation of how Heppie works.

There's no need to bring any proof; we trust that the toys will be put to good use for your child(ren).

Donations are very welcome.

After all, we also incur costs for rent and administrative matters.

You can deposit them to: account number.
